

LoFi Summer Sundays

Forthquarter Park

Self Guided Photowalk

Getting There :

- Buses to Waterfront Brodaway - 24, 38, 47, 113, 106
- Buses to West Granton Road - 8, 14, 16, 24

<https://www.openstreetmap.org/#map=16/55.9788/-3.2520&layers=T>

Start with a view of the **Granton Gas Works** off Waterfront Broadway.

http://www.grantonhistory.org/industry/gas_works.htm

Head south to the park entrance.

There is a large Morrisons supermarket if provisions are required.

Forthquarter Park is a newly developed previous industrial site - <https://www.theparksalliance.org/portfolio-items/forth-quarter-park/>

Walking west through the park you will see part of the Granton Burn and wildlife at the quarry pond. Granton House stood on this site before it was destroyed by fire in 1954.

Leaving the Park at West Shore road travel north east through the redeveloped land to Caroline Park Avenue and **Granton Castle Walled Garden**

North from the garden follow Charles Darwins path by the Firth coast along West Shore Road looking for photographic specimens to collect. The three bridges should be visible in the distance.

Continue to the grassy area of **Gypsy Brae**, the location of Granton Sea Quarry.

At this point you can choose to continue along the Shore to Silverknowes/Cramond or head inland through the tree-d area to West Shore Road and south to the Marine Drive Roundabout where buses to town are available.

Want to know more about the history of Granton and spend more time exploring? Try Curious Edinburgh's Granton Tour - <http://curiousedinburgh.org/granton-tour/>
